

MA 25 / MA 25e Air Conduction Audiometer

The MA 25 is engineered to be a portable, tough, and reliable air conduction audiometer with full range of frequencies.

Features at a Glance

- Air conduction audiometer
- Portable and lightweight, 3.5 lbs including components
- 11 frequencies from 125 Hz to 8000 Hz
- Test signal from -10 dB HL to 100 dB HL
- Soft carrying case included

MA 25e - Extended Features

- MAICO Sessions PC software for printing to PDF/paper
- Compatible with SNAP, OtoAccess®, or Noah
- Automated Hughson-Westlake test
- Talk forward

Accurate, Dependable Engineering

Take the MA 25 anywhere with confidence. User-friendly knobs make adjusting frequency and hearing levels easy. Simple push-button operation for right/left, pulse tone and warble.

Sleek, Small Design

The super-lightweight MA 25 weighs in at only 3.5 lbs. Small enough to hold in the palm of your hand! Tucked into its carrying case (included), the MA 25 is one of our smallest, lightest portables.

MAICO Sessions* for Easy Data Transfer

Sessions is an icon-based software providing workflow efficiencies and high-speed data management. Simply connect your device to a PC and transfer the patient session. Results may be saved in the optional OtoAccess® database, saved in your Noah database or printed to a PDF for storing in an EMR system.

* Available with MA 25e version only
